

Patriotic war in poetry - joys of victory

Azerbaijani literature talked about the blood memory and land loss of Karabakh for nearly 30 years. The lines of our verses reflected the black color of our poetic soul. Our world of poetry was breaking up and dying like our soul. The 2nd Homeland-Karabakh War, which lasted for 44 days in Azerbaijan, brought victory, success and grandeur to all areas of Azerbaijan along with the freedom of our lands. Thanks to our Commander-in-Chief, a joy that will almost turn into a dream was given to us thanks to the incomparable fight of our National Army, soldiers and officers. This victory of ours was obtained from years of experience, army building, political vision, unity and equality.

Academician Isa Habibbeyli in his article entitled "Historical Victory in the Patriotic War" emphasizes the existence of many factors in our victory. The first sentence of the article also tells about the history of our victory. This phrase "from Heydar Aliyev to Ilham Aliyev" means that today's victory has passed 30 years of history, and it is the grand finale of the immortal Heydar Aliyev's policy and brilliant military-political conclusion. The academician emphasizes that many factors played a role in our victory today, and one of these factors is the brotherhood of Turkey and Azerbaijan. Isa Habibbayli writes: "Azerbaijan-Turkey unity and cooperation, strengthened on the basis of the "One nation, two states" formula established by the great leader Heydar Aliyev with great foresight, is one of the most important factors of victory in the Patriotic War. "One nation, two states", which Heydar Aliyev used in the Grand National Assembly of the Republic of Turkey, first became a proverb in both countries, gradually deepened and gained the status of a strategy for the relations between the two brotherly countries" (isa Habibbayli). The victory we won today brought a variety and an atmosphere of beauty to our literature.

Today, our literature mainly talks about our successes, our joy of victory, our unity and equality, the brotherhood of Turkey and Azerbaijan, the heroic Azerbaijani soldier, and the holy Martyrdom, who sacrificed their lives on the way to victory for our lands. The poetic expression of the joy born from the freedom of the land is the main line of our poetry. Poems of this type are mostly united under the title "Karabakh is Azerbaijan".

There has been a war in Karabakh for 30 years. But this war has now moved to the level of the Patriotic War - Liberation War. Commander-in-Chief Ilham Aliyev announced the battle order: "Karabakh is Azerbaijan and the cry!" gave with the verdict. These words, which wave the spirit of our nation like a flag, are the last war verse of the holy book of Azerbaijan: "Karabakh is Azerbaijan and the cry!" (Azer Turan). We set out with this battle order of the Supreme Commander, and our victory was also strengthened by this belief. The main line of our poetry was also inspired by this order of war.

Dünya-dünya olan gündən

Varlığımız ona Vətən,

Biri ürək, biri bədən;

Hər ikisi ulu torpaq -

Azərbaycandır Qarabağ! (Vahid Əziz, "Azərbaycandır Qarabağ")
